TRAFFIC SIGNAL IMPROVEMENT AT ROBINSON AND PETERS

The City Traffic Control Division will be upgrading the traffic signal installation on Robinson Street at the Peters Avenue intersection. The work to be accomplished includes the replacement of one signal head, the rewiring of one vehicular signal head at the intersection, and the addition of a traffic control sign. This work will take place on Tuesday, May 6, 2014, weather permitting. After 9:00 a.m. on May 6th, the intersection may be temporarily controlled by an all-way STOP sign. Full signal operation should be restored at the intersection by 12:00 p.m. on the same day. Any questions about the project can be directed to Mr. David Riesland, City Traffic Engineer, at 405-329-0528.
